

## FOR SALE

{simpleproduct:id=671}

A 38" long 2011 female Amel, eating frozen/thawed adult mice. One of the parents of this 2011 female was a Salmon Snow Motley, so she is het for Anery and Motley. I'm reasonably certain she is a Red-Mask Amel mutant. Her \$225.00 price includes U.S. FedEx Overnight Delivery service.
