

## Show & \$ell

{product id=1319}

This female 2014 Bloodred Motley Corn is now 31" long, eating frozen/thawed hopper mice. Though her colors do not satisfy the expectations of her parents that were double-het for the "white-sided" Granite Motley Bloodred owned by Rich Hume, it will be interesting to see what progeny of hers are rendered. Her \$325.00 usd price includes
