Our last 2017 Scaleless Butter female is now for sale. She is 16" long, eating frozen/thawed pinky mice. Her \$1,100.00 USD price includes note: ALL Scaleless corns in the hobby toDAY (including SCALED corns that are carriers of the Scaleless mutation-aka Het Scaleless) are descendants of the original pairing of a Corn Snake to an Emory's Ratsnake (aka: Great Plains Ratsnake). Therefore, all Scaleless corns (and their scaled siblings) are inter-species hybrids.
