

Show & \$ell

{product id=2227}

This 33" female 2017 Corn snake is het for Scaleless, Amel, Hypo, Anery, and Sunkissed. She will be large enough to breed next year (2020). Pic 2 toDAY shows the parents of toDAY's het Scaleless. \$325.00 plus \$39.00

note: ALL Scaleless corns in the hobby toDAY (including SCALED corns that are carriers of the Scale-less mutation-aka Het Scaleless) are descendants of the original pairing of a Corn Snake to an Emory's Ratsnake (aka: Great Plains Ratsnake). Therefore, all Scaleless corns (and their scaled siblings) are inter-species hybrids. . . .
