

Show & \$ell

{product id=1040}

This male 2014 Key Corn is now 20" long, eating frozen/thawed pinky mice. He shows barely any Pied-sided features anywhere other than his head, but his father has SOME white on his sides. The head looks like polished Marble or Granite? His \$325.00 usd price includes

< style="font-size: 12.1599998474121px; line-height: 15.8079996109009px;" />

Cropped photo of head.
