2013 female Pewter corn snake. She hatched with several obvious Hypo Pewters, but with age, this one is not as pale as she first showed. Therefore, I'm selling her as if she is NOT also Hypo (but I still think she is). If I get a sloughed skin soon that proves she is Hypo, her price will go up. She is 24″ long, eating frozen/thawed fuzzy mice. For
now, her price is $165.00 USD and that includes FREE SHIPPING
