

The product of pairing Miami Phase with Okeetee

Male

d.o.h. 2011

33" long on Jan. 9, 2013

Some of our best High-White Reverse Okeetees originated from this F1 product of crossing Miami Phase with Okeetee. One of the trickiest parts of retaining white ground colors in such Albino Corns is starting with low/non-orange ground color zones, as seen in this snake.
