Coral Snow

Female

d.o.h. 2009

48" long on Feb. 7, 2013

\$185.00 shipped

Comments: Superior color and size maturity

This is SMR id# 1014. She is a great breeder - often laying over 20 eggs for her first annual clutch, followed by at least 12 for her second clutch of each breeding season. She brumated from October 10th to Jan. 31st so she has had two meals since emergence from brumation. She's very friendly, having never tried to bite anyone/anything but rodents.
