

Each DAY at 11:00 am. ct (GMT - 5) we will post a different SMR snake being offered at a special price.

All snakes will be chosen for their rarity and/or unique beauty.

FREE U.S.SHIPPING for each Snake-of-the-Day.

ToDAY's SNAKE of the DAY (Wed. Feb. 27, 2013)

{simpleproduct:id=505}

#022713

Caramel Het

Female

d.o.h. 2010

48" long on Feb. 27, 2013

\$250.00 shipped

This 2010 female Caramel is now 48" long, feeding on frozen/thawed adult mice. She brumated (hibernated) from October 10, 2012 to January 31, 2013 and is ready for breeding NOW. For perhaps only the next seven to 10 DAYs, she will be receptive to being bred by a mature male corn snake. Here are two options we're offering for a limited time and only on select snakes.

OPTION 1: If you like the snake and would like to buy her, but the price is out of your budget, you may opt to buy her for \$200.00 shipped and have her sent to you after she lays her first 2013 clutch of eggs here. Otherwise, if you have a male you'd like to breed to her, I recommend buying her immediately so you could get eggs from her in mere weeks.

OPTION 2: If you would like for us to breed her to a male in our adult male breeder inventory, inquire about what males are available for this service. We will not breed her to a Tessera or Palmetto and we do not guarantee fertile results. For this option her price is \$300.00 shipped and you will be provided with photographic proof of copulation. We will not breed her to a male of your choosing until you have paid for her (because you may choose a male that I would deem counter to our breeding plans for her).
