

Show & Tell

This recently acquired Thai Red Mountain Ratsnake (*Oreocryptophis porphyraceus coxi*) is a typical representative of its species. Thank you, Cindy, for this amazing snake. He has the most unusually inquisitive and human-tolerant demeanor. I'm having a ball just handling him. **Bonus pic**

< style="font-size: 12.16px; line-height: 15.808px;" />

Same snake in different pose and light.
