{product id=1028}

It's been so long since I dabbled in Western Hognose snakes (*Heterodon nasicus*) I don't know if they have a morph name for twin-spotted ones? This 2014 female is about 8" long, eating frozen/thawed, unaltered pinky mice. Her \$155.00 price includes We have classically patterned hogs for \$50 (males) and \$60 (females) *PLUS flat-rate SHIPPING*.
