

Show & Tell

2014 RED-HEADED Palmetto Corn Snake. We don't hatch many of these, but when we do, they still WOW me. Since we've sold all the best ones in the past two years, I have no idea how they look at maturity? If one of our Palmetto customers presents a picture of an adult or sub-adult, I'll feature it on a new S.O.T.D. for everyone to see.
