

Show & Sold

As soon as I figure out a way to get someone to pay full price for a defective snake, this 2014 female Palmetto corn will be for sale. Explanation: I have vowed not to sell any Palmetto females for less than retail (\$4,000.00 usd) until more than one or two other Palmetto sellers do so first, but this one presents a value challenge. Since nobody other than me has ever produced a Palmetto, my promise stands. \$4,000.00 or she is not for sale. She has numerous spinal kinks, so she IS a "Scratch & Dent" snake-which people just don't pay full price for, right? Since I CANNOT/WILL NOT offer her for less than full price, perhaps I will offer one or two special non-Palmettos with her-at reduced prices-IF full price is paid for her? _ Sold
