

The Snake-of-the-Day headliner of this web site features photographs that we believe will interest our web site visitors. Each daily photograph will be posted at 11:00 am. central (GMT - 5) and replaced in 24 hours. Feel free to make **suggestions** regarding what snake photographs you would like to see in this daily feature. The animals pictured here are not for sale, unless otherwise noted, but you can find available surplus snakes for sale on the **Surplus Page** of this web site. We appreciate your patronage and welcome any **suggestions** you may have.

This male Anery Motley is an F1 from the pairing of a Salmon Snow Motley to an Pink Anery Motley. He has a slight Hurricane Motley pattern so some of the progeny of this pair will inherit that pattern variation. Since the female here is a Salmon Snow Het for Motley, the Salmon colors in most of the babies should be off the charts. Eggs are expected to hatch in a few short weeks.
