

The Snake-of-the-Day headliner of this web site features photographs that we believe will interest our web site visitors. Each daily photograph will be posted at 11:00 am. central (GMT - 5) and replaced in 24 hours. Feel free to make **suggestions** regarding what snake photographs you would like to see in this daily feature. The animals pictured here are not for sale, unless otherwise noted, but you can find available surplus snakes for sale on the **Surplus Page** of this web site. We appreciate your patronage and welcome any **suggestions** you may have.

These beautiful corns began hatching yesterDAY. Parents are an Extreme Reverse Okeetee and an Extreme Buckskin Okeetee, Het for Amel. For their respective morphs, these babies are prettier than any I've seen.

They should be regularly feeding and ready for shipping in two weeks.
