FOR SALE, a 2013 female Tessera corn snake. She is 26" long, eating frozen/thawed large fuzzy mice. Her \$325.00 usd price includes She is possibly Het Amel since her father is a Buf corn het for Amel, but if I'm mistaken about not calling her a Buf-and that yellow striping indicates that she IS a lazily-colored Buf-don't pass up this opportunity to score a double-dominant mutant.
