

Show & Tell

?Family Album? Part of a brood of 2017 Motley hatchlings from parents that are het for Honey Motley types; Caramel, Amel, Sunkissed, and Motley. Included in this pic of Motleys are Honey, Sunkissed, Butter, and Amel. If this 2017 picture looks familiar, look at pic # 2 toDAY from *SOTD 08-29-13*. Note the family resemblance demonstrated in the head markings on snakes in both pictures (family traits inherited by all of the progeny from the same parent adults over the years-aka: polygenetics).. **Bonus pic . . .**
