SHOW & *$ELL*

{product id=836}

2014 hatchling male SUPER Salmon Snow Corn Snake. Showing this much color at such a tender age promises that this snake is a SUPER Salmon Snow (aka: homozygote – possessing both copies of the gene that causes Snow corns to be so pink/coral in color). Therefore, he will be much more colorful as an adult. His $195.00 price includes S . . .
