

SHOW & \$ELL

{product id=836}

2014 hatchling male SUPER Salmon Snow Corn Snake. Showing this much color at such a tender age promises that this snake is a SUPER Salmon Snow (aka: homozygote - possessing both copies of the gene that causes Snow corns to be so pink/coral in color). Therefore, he will be much more colorful as an adult. His \$195.00 price includes S . . .
