

Show & \$ell

One year closer to breeding size (compared to a 2015 hatchling), this 2014 male Extreme Okeetee HET Scaleless is now 32" long, eating frozen/thawed hopper mice (if he remains here, he is expected to be a prime breeder in 2016 for making Scaleless Extreme Okeetees). His \$485.00 price includes *2015 hatchlings of these are \$350.00 each plus \$35.00 flat-rate* .
