More details on this mutation compound

In so much as no two computer monitors render colors the same, the colors, shades, tones, and hues of the snakes pictured on our site have been meticulously evaluated and declared to match those of the respective snake for sale.

This snake is in good health (not under or over-weight, no parasites or diseases that we are aware, no injuries or defects, and routinely feeding on unaltered frozen/thawed mice).

If we have noticed that the snake listed has any temperament or behavioral issues other than human-friendly, it will be detailed in *Comments* above.
