Details

toDAY's SNAKE of the DAY (Sat. Nov 22, 2012)

#112212

Adult Tessera Het Striped and Hypo

Female

d.o.h. 2010

36" long on Nov. 22, 2012

\$550.00 shipped

Comments: Superior color, pattern, and size maturity.

This 36" long adult female Tessera is now mature enough to breed. She is empty for brumation (fasting since 11-08-12).

Het for Striped Hypo, she has great progeny potential as early as Summer, 2013.
