

Each DAY at 11:00 am. ct (GMT - 5) we will post a different SMR snake being offered at a special price.

All snakes will be chosen for their rarity and/or unique beauty.

FREE U.S. SHIPPING for each Snake-of-the-Day.

toDAY's SNAKE of the DAY (Sun., Dec. 10, 2012)

{simpleproduct:id=426}

#121012

33" long on Dec, 10, 2012

Terra Cotta (variant of Motley Bloodred)

Female

d.o.h. 2011

\$300.00 shipped

Comments: Feeding on frozen/thawed hopper mice. She has not yet been cooled for 2013 breeding.

The TERRA COTTA CORN SNAKE was named by John and Bridgett Bernardi of El Paso, TX. They produced many of them and we were lucky enough to get a few. We have since elected not to promote this project, though we think it's a rare and beautiful variant of the MOTLEY BLOODRED mutation.
