This 2012 female was sold to me as a Butter Snow Corn. The seller declared that both parents were Butters, but I have not bred her to verify that genotype. She looks more Blizzard than Snow, but ? ? ? I'm selling her below retail value for her morph because she has numerous fat deposits (mostly in her dorso-lateral muscles) and some palpable spinal kinks. She is now 36" long, eating frozen/thawed adult mice. Her \$195.00 price includes
