{product id=1809}

This female 2016 Striped (maybe Hypo) corn snake is currently 27" long, eating frozen/thawed fuzzy mice. She may be a Striped Tessera, but I'm not 100% certain. So, for that reason, and the fact that she nipped me twice when I photographed her, I'm listing her at a Striped mutant price. Her \$135.00 USD price includes
