{product id=1798}

This 27″ male 2015 Tessera is currently eating frozen/thawed fuzzy mice. The Tessera mutation is dominant to wild-type, so breeding this Visual-het male to ANY corn snake female will render approximately 50% Tesseras. This one happens to have a Scaleless parent, so he is also het for Scaleless. His $350.00 price includes S O L D
