

#101212

Tessera

Female

d.o.h. 2010

33" long on October 11, 2012

\$450.00 shipped

Comments: Superior color and size maturity. Should breed in 2013. She suffered a nose injury as a hatchling from rubbing against a plastic burr around one of the air holes of her plastic deli cup. container.
